

CAPITIS · PROCESS GUIDE

Billing & plans

What each plan costs, how trials work, and where your usage lives.

Plans & pricing

Sandbox, Starter, Growth, and Enterprise — what each includes.

1. **Sandbox — free, full API for building and testing.**
No billing details required; test-safe limits.
2. **Starter — \$0/month plus 15% revenue share on commissions.**
3. **Growth — \$199/month plus 5% revenue share, with a 14-day free trial.**
4. **Enterprise — by conversation (support@capitis.app).**

Start a Growth trial

Try Growth free for 14 days — checkout handled by Stripe.

1. **Open Money → Billing.**
2. **Choose Growth — checkout is handled by Stripe.**
3. **Your 14-day trial starts immediately; you can cancel from the billing page before it converts.**
4. **Invoices and payment method live in the Stripe customer portal, linked from the billing page.**

Usage & limits

Watch your API request volume and plan for spikes.

1. **Open Money → API usage.**
2. **The chart shows your request volume over time.**
3. **If you expect a traffic spike beyond your plan's rate limit, contact support before it lands.**
Email support@capitis.app with the expected volume and date — we can raise limits ahead of time.
